

## **LIFE MEMBERSHIP AWARD**

Life Membership in CAHF is designed to provide lasting recognition to those who have provided “outstanding” or “exemplary” service to the association through involvement at the chapter and state level, as well as providing community service.

The Board of Directors has established basic criteria for nominating and bestowing Life Membership status in the Association. These criteria include:

- 20 years of active CAHF membership
- Retired from full-time employment in long-term care
- Service as a state officer or statewide committee chairperson
- Service as a chapter officer
- Involvement in local community or civic programs

Note: Winners of Life Membership are selected by CAHF’s Board of Directors. More than one winner may be selected each year. Awards are presented at the CAHF Summer Conference.
