

**California's Local Area Network for Excellence (LANE)
Invites all California Nursing Homes to Join:**

Physical Restraint Reduction Strategies & Tips
Webinar & Telephone Conference

**Wednesday, November 4, 2009
2 p.m. to 3 p.m., PST**

Guest Speaker: Carol Compas, BSN, RN, CPHQ
Nursing Home Quality Manager, Arkansas Foundation for Medical Care

WEBINAR OBJECTIVES

- Recognize specific strategies to reduce/eliminate physical restraint use as they correspond to the National Patient Safety Initiative (NPSI) theme.
- Discuss alternatives to using restraints to enhance resident satisfaction and reduce injurious falls.
- Highlight the regulatory perspective in reducing restraints.
- Identify and prevent common MDS coding errors to improve the accuracy of your physical restraint quality measure.
- Understand the psychological and physiological risks of using physical restraints.
- Identify side-rail entrapment zones that can lead to resident deaths.
- Learn how to access resources and set goals on the Advancing Excellence Web site, www.nhqualitycampaign.org, to reduce physical restraints in your facility.

WHO SHOULD ATTEND?

- Nursing Home Administrators, Directors of Nursing, Directors of Staff Development, MDS Coordinators, RNs, LVNs, CNAs, Rehab
- 1 BRN & LVN CEU contact hour will be provided; NHAP approval pending
